

## Scientists-farmers interface held at Hanumangarh

Regional research station of ICAR-Central Institute of Freshwater Aquaculture, Bhatinda in collaboration with KVK Sangaria, Hanumangarh, Rajasthan organised one day interface programme on

“Development of ornamental fish farming under SCSP Programme” on 30 September 2022 at Hanumangarh. Dr Anup Kumar, In-charge, KVK Sangaria, Hanumangarh attended the programme and explained importance and scope of fish farming in Rajasthan. In this programme 50 Scheduled caste farmers from nearby villages of Sangaria, Hanumangarh participated. Dr Mukesh Kumar Bairwa, Scientist In-charge of RRC of ICAR-CIFA, Bathinda briefed about SCSP programme. He also delivered lecture on status and scope of ornamental fish farming in northern India. Key inputs for promoting ornamental fisheries will be provided after imparting skill training to selected beneficiaries, added Dr Bairwa.
